

**ATTENTION:** The NEW Green Canadian \$US Postal Money Orders (unlike the old Salmon-colored ones) are NOT drawn on US Banks! Our banks will not pay us the face value, but less, because they have to send the instruments to Canada for collection. DO NOT SEND US these new Green Canadian \$US Postal Money Orders! We will return your order. Another option is a Bank Draft in \$US, but it MUST be drawn on a US Bank. Finally, there is \$US cash in an opaque envelope.
